*TERMS & CONDITIONS APPLY

The latest wine and dine destination to hit Sentosa, Suburbia is gaining popularity as a unique venue for weddings and solemnisations. Surrounded by gorgeous views of the Tanjong golf course, the famous Ficus “wedding tree”, and lush greenery, this is truly a tranquil retreat away from the city. Formally a monorail station, the building is now an impressive architecture of wood and glass, oozing the ultimate charm and elegance that your special day deserves.

Now here’s a chance to experience it in person.

Come September 26, 2010, you are invited to an exclusive cocktail event of wine tasting and hor d’oeuvres as they take you on a tour of the space, introduce menu packages and special sign up promotions. Tune in to a special live jazz performance brought to you by acclaimed music production company, Tamagoh Productions. In addition, wedding photography experts, floral specialists and bridal car rentals from Feldberyl Images, Flores by Nic and weddingcars.sg will showcase their specialised services in creating the most charming and memorable wedding ever.

Receive sign up promotions and discount vouchers when you register for this event. This exclusive event is only limited to the first thirty couples, so book early! bb
